About Rapha

Rapha was established in 2004 to address a need for stylish, high performance cycling clothing. It now provides products for every cyclist and continues to push the boundaries of innovation in cycle wear. Alongside this, Rapha has cultivated a global community of passionate riders who come together as members of the Rapha Cycling Club (RCC), the largest club of its kind in the world. Rapha's retail model and unique brand values come to life in its many rides and events and global network of Clubhouses that combine retail, cafés and cycling culture all under the same roof.
